AUTUMN TERM INTRA CLASS COMPETITION REPORT

The children in Year 4 have taken part in an Athletics Intra Competition, testing all aspects that they have been practicing, including, throwing, jumping and running. This was an opportunity for children to apply the skills that they had developed in their PE lessons in a competitive event.

There was a course of 5 activities that all children took part in. The Playleaders were responsible for organizing and recording scores, along with taking photos and interviewing pupils over the course of the morning.

LINDEN SPORTS AND COMPETITIONS

CHILDREN HAD TO USE ALL THEIR SKILLS TO ACHIEVE THEIR BEST TIME FOR THEIR CLASS.

The children all showed fantastic effort and support through the event with lots of noise being made as each child was being cheered on by their fellow pupils.

Our School's Playleaders supported the event, helping keep the activities running smoothly, taking photos and interviewing children taking part about what they enjoyed about the event.

Children really encouraged their class mates to do their best with all the cheering being done.

"I really enjoyed the event. I liked my friends cheering for me!"
